To Live to See the Great Day That Dawns [1]

The purpose of this guide is to support AI/AN communities and those who serve them in developing effective, culturally appropriate suicide prevention plans. This guide lays the groundwork for comprehensive prevention planning, with prevention broadly defined to include programs that a community can use to promote the mental health of its youth. The guide also covers actions a community can take in response to a suicide to help the community heal and thereby prevent related suicidal behaviors.
